

Breckenridge-L-I

PRODUCT DESCRIPTION

Breckenridge Natural Spanish Alabaster Linear Pendant

Defined by architectural precision and natural elegance, this linear chandelier is composed of individually cut alabaster panels, each revealing organic veining and tonal depth unique to the stone. The layered composition creates a rhythmic, sculptural form that feels both modern and timeless.

When illuminated, the translucent alabaster softly filters the light, producing a warm, atmospheric glow that enhances the surrounding space without harshness. Slender suspension rods lend a sense of visual lightness, allowing the natural beauty of the alabaster to remain the focal point. Designed for refined residential and hospitality settings, this fixture offers understated luxury through material authenticity and thoughtful craftsmanship.
